

In Touch With Bridgemary

SAVE OUR SULTAN says Richard Dickson

This election is not just about pot holes, paving and trees; it is about a strong voice to represent you in Bridgemary dealing with issues that effect us all. Many of you have supported **Richard Dickson's** campaign to stop the development of 475 houses being built behind Tukes Avenue and that continues to go from strength to strength. You can still join the campaign by filling in the form overleaf.

“When speaking to residents on the doorstep it is clear that saving HMS Sultan is one of the main issues for you. I raised this matter with Caroline Dinenage MP at our last meeting and she assured me the Gosport task force is working hard in putting forward a viable case to ensure the thousands of jobs in HMS Sultan can be saved. “ said **Richard Dickson**. “If elected I will work hard alongside the task force to try to ensure thousands of jobs are protected.

Gosport's Conservatives are backing Bridgemary.

Will you be backing Richard Dickson on 30th November?

RICHARD DICKSON

CONSERVATIVE

Bridgemary North By-Election—Thursday 30th November 2017

Richard Dickson and the Conservatives believe in

ACTION NOT WORDS

Investing in industry, investing in young people, investing in local facilities, investing in jobs, investing in improvements to our roads, investing in a cleaner Bridgemary, investing in leisure services, investing in the eclipse bus service, investing in council houses , investing in the voluntary sector, investing in extra care facilities for the elderly. **Some campaign, some ask, some suggest but only Richard Dickson and the Conservatives deliver!**

Bridgemyary residents deserve the truth!

says Richard Dickson

This election is about choosing the right person to represent Bridgemyary North. It is about having a vision for the future to improve the quality of life for all residents, it is therefore disappointing that we have to write an article such as this.

Richard Dickson believes that residents of Bridgemyary should be told the truth.

In recent Bridgemyary Focus leaflets the Liberal Democrats have become more desperate and have resorted to misrepresenting the facts.

They tell you that their candidate in this election has a proven record of “all-year-round service and action”, when he himself admitted, when losing here in May, that he had only got involved in politics in March of this year.

They alleged “The Conservatives have closed Gosport Police Station” when it was the independent Police and Crime Commissioner, Simon Hayes, who made the decision and the Conservatives who made the Town Hall available for the Police to move into so they are still accessible to the public.

They said the Conservatives are “planning to develop the Falkland Gardens.” After a public consultation you spoke and we listened and there are no plans to develop the Falkland Gardens.

They claim it costs over £500,000 to clear up fly-tipping from the Gosport area, when the true figure is £28,485, however the Conservative Council have a good record of taking action against fly-tipping.

They state that the “Conservatives only appear at election time” however your local Bridgemyary Conservative team host a number of drop-in surgeries at Bridgemyary Library alongside Caroline Dinenage MP, most recently on 3 October.

Listening to YOU

Gosport Conservatives are here for you all year round, not just at election time.

Richard Dickson is out and about across Bridgemyary to hear your views. If you would like to get in touch with Richard you can write to him at: 76 Fareham Road, Bridgemyary, PO13 0AG or email him at dixiedickson48@gmail.com.

[Join Richard Dickson's campaign against 475 houses on our doorstep](#)

Dear Fareham Borough Council,

I/We object to the strategic gap being used for residential developments contrary to current planning policy and now proposed by Fareham Borough Council in their Draft Local Plan, specifically proposal HA2 which would see the development of 475 houses and the demolition of houses in Bridgemyary forcing more cars on to an already congested highway.
