

LESLEY'S BACKING TOWN

Dear Resident

I would like to introduce myself as your Town Ward Local Conservative Campaigner.

I was born and raised in Forton, Gosport. Leaving Gosport aged eighteen, I completed military service in the RN and RAF. I joined Hampshire Constabulary in 1995. After completing numerous roles within the Police service in Portsmouth, Havant and Netley I returned to my home town in 2002 to work as a community police sergeant.

In October 2017 I retired from Hampshire Police. Having forged close links with the local community and community safety partners it is a natural step for me to continue working to help the local community.

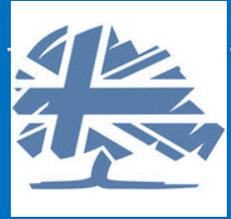

I live in Stoke Road, a short walk away from my long term partner Jonathan who is a local school governor and community first responder. I live with my daughter, who attends St. Vincent College and our much loved dogs Claude & Violette.

Due to my career I fully understand the need to maintain a police presence in Gosport and this to me is a number one priority. We are very fortunate that we have a local neighbourhood police team located in the town hall. I will help to build upon the current working relationship between our local police and community partners to strive for a safe and thriving Gosport.

I am driven to raise awareness of the lack of mental health provision for young people in our town; both accessing and receiving ongoing tangible support. I believe that many young people and adults would not now be in the criminal justice system had they received timely support. Many homeless people have difficulty accessing mental health provision.

I am excited to see the redevelopment of the play park in Alver Valley & the new leisure centre providing access to a wealth of activities for so many. I would like to help improve health & well being for our communities. We have excellent services for our elderly and vulnerable however we should not become complacent and should strive to give the best for those who need our support.

I will be out in our community exploring what issues matter to you.

As well as discussing how we can celebrate our home town and how we can build upon all the positives.

You can also follow me on Facebook by liking my page "Lesley's Backing

Town" where I will post information about up and coming community engagements, news stories and information.

For residents who are not inclined towards social media you can contact me over the phone on

02392 588400, through post to 167 Stoke Road, Gosport, PO12 1SE or email me on leslymeenaghan@gmail.com

I will also be hosting numerous engagements locally in town to meet residents so please come over and say hello—even if it's just to have a free cake or savoury snack!

I care strongly about my home town and the communities within it. I am proud of our heritage and stunning coastline. Gosport has a fantastic community spirit. Together we have achieved so much and can do so much more.

"My energy and drive for our town cannot be underestimated." - Lesley Meenaghan

"Lesley is a very familiar face for people who live in the Gosport area. She really understands the issues that residents care about and that's what makes her the perfect champion for the Town Ward. I look forward to working with Lesley to fight for local residents and to help improve the area." Caroline Dinenage, Gosport MP.

Mr Paterson, Town Ward Resident said "Lesley has already had such a huge impact on the local community and I am pleased that she is continuing this work by becoming Town's Conservative Campaigner!"

Gosport's Conservatives are backing Town.

Will you be backing Lesley Meenaghan?
